Message from Mrs Carlyle

Dear Parents and carers,

It doesn't seem possible that we are fast approaching the half term break. We have so much to do and the children are working incredibly hard in their classrooms.

This half term we have been focusing on 'The KACP Way'. It would be great if you can ask the children about it and how it links in with our school values.

Everything you need to know is on the school website, so please ask your children all about it.

Have a great week and take care,

Mrs Carlyle

The KACP Way

Openness and willingness to learn.
Acknowledging success.
Honouring the wisdom in the room.
Respect for each other and different views.
Language is important and reflects our values.
Keep ourselves safe and support each other.

Next week in assembly we are learning about how to stay safe online as part of Safer Internet Day which is taking place on Tuesday 6th February.

The theme this year is **'Inspiring change? Making a difference, managing influence and navigating change online'**.

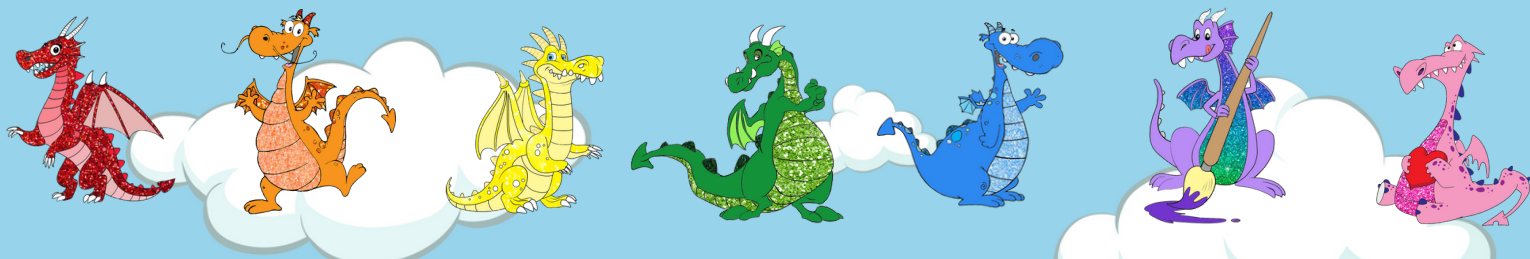

We are constantly working on improving our website so that it contains all the information you need!

Our Year Group Pages are currently being updated to include termly homework, weekly spellings and the Autumn Term newsletter.

Advice on winter bugs and keeping well

With temperatures dropping this month Clare Joy – an NHS school nurse working locally – explains in this short video some top tips on keeping winter bugs at bay and using the Healthier Together app for advice.

You can watch on the Hampshire and Isle of Wight NHS [YouTube channel](#).

Download Healthier Together for advice with common childhood illnesses

It can sometimes be hard for parents to know the best way to help children recover from winter bugs. Healthier Together has been developed by local clinicians and gives simple advice on how to help them get better at home.

The app will also help you to spot the signs if it is something more serious and guide you to the right help. Visit what0-18.nhs.uk, download from the App Store or get it on Google Play.

The UK Health Security Agency have also published helpful advice on [spotting the signs of when to keep children home](#). You can visit the [Hampshire and Isle of Wight NHS winter wellness web page](#) for more advice on keeping warm and well this winter.
